INT. CHUCH BASEMENT - NIGHT

One woman and two men are seated on each side of an unoccupied chair.

Werner Herzog strides in and takes a seat.

WERNER HERZOG
I have given up film making to help mankind directly. I need to laugh on the inside as you need to cry on the outside. I welcome you like dogs to a fresh bloody bone. State your names and why you're taking up chair space.

HARLEY
Harley, sex worker who will age out in a few years. Need a new career. One that has meaning and depth.

WERNER HERZOG
It would seem to me like you've had plenty of depth. I kid, ha, ha. God has not finished with his work with you Mary Magdalene of the interweb of O faces.

CLARK
You're an actual prostitute? In the flesh?

GARRINGTON
The flesh is the gig Bro.

WERNER HERZOG
Harley right now you are a cul-de-sac in the vagina of your mind.

CLARK
I went to Comicon Vegas as a vagina once.

HARLEY
That was you? I tossed a quarter in to make a wish.

CLARK
Chipped my tooth.

WERNER HERZOG
Cinema verité your content into the abyss of horniness and the horniness of mankind will empty the jewels of mankind into the depths of your future. You then buy several McDonald's and retire on the obesity orgasms of special sauce. Next!

CLARK
Clark, I want to pick up women, get laid, find love.

WERNER HERZOG
Clark meet Harley, I kid, ha, ha. The search for love will leave you with the indifference of the screams of civilization.
You need to work on your pick up lines and trust copulation.

CLARK
How about Hello?

WERNER HERZOG
No good. Women are creatures of chaos and no mans lands, you need dignified and heroic stupidities to break through. Try another pickup line now.

CLARK
You seem like someone I'd really enjoy getting to know.

GARRINGTON
Pussy.

WERNER HERZOG
Harley?

HARLEY
Not an inch of bad boy. Genuine to Poindexter. I kid, ha, ha, as you say.

CLARK
How about, I'm a little nervous saying this, but I think you're beautiful.

WERNER HERZOG
No! Go with I am rich. Works every time. No philosophy needed.

HARLEY
Oh hell no, that is fat wallet manspreading misogyny.

GARRINGTON
(eye roll)
OK Big Mac.

WERNER HERZOG
I am rich! It will allow you to navigate quickly as you face the oblivion of the whores and carnies of humanity. In other words it will get you laid. Next!

GARRINGTON
Garrington, Hedge fund manager, looking for a real grounded life not based on money and status.

WERNER HERZOG
First give all your money to me, I kid, ha, ha. Serious as a gnashing piranha, give all the money away. Your accountants will become poets.

GARRINGTON
Keep the money, but thinking of becoming a park ranger.

WERNER HERZOG
Bears will eat you. The forest is just a food chain of murder and seeds.

CLARK
I got my bird watching merit badge.

WERNER HERZOG
You are the luck of bear naps and full bellies.

GARRINGTON
How about a Buddhist monk?

CLARK
Dali Lama, lama, lama, Ding Dong.

WERNER HERZOG
I second that silliness, ha, ha.

HARLEY
Me three as he was a client.

Harley and Garrington high five.

WERNER HERZOG
Hypnotization, you need to be hypnotized and cluck like a chicken to set yourself free of the monstrously indifferent smiles on the portraits of money.

GARRINGTON
How do I get hypnotized? I believe in nothing. It will never work.

WERNER HERZOG
Hypnotized, there I said it. You are hypnotized, you are now a chicken in a Kung fu movie until you hear the word egg. You start up again anytime you here the word road.

Garrington jumps up kicks his leg out and begins to cluck.

WERNER HERZOG (CONT'D)
Next!

Everyone looks over at Garrington as he karate chops the air.

WERNER HERZOG (CONT'D)
Egg, sit.

WERNER HERZOG (CONT'D)
That was the perfect execution of Kung Fu pool noodle belt technique.

HARLEY
Wern, you should have your own Netflix comedy special. “Wern’s Burns.”

WERNER HERZOG
I never kid. It is a terrific tragedy, useless. Next!

CLARK
There is no next.

WERNER HERZOG
I do the philosophizing here.

HARLEY
Wern’s Burns.

WERNER HERZOG
Now the surprise. Here is your life coach diploma, scribed on actual sheepskin from my actual flock. I'm sure you all understand the subtext. Baaa, Baaa, Baaa.
I kid, haaa, haaa, haaa. Road!

Garrington springs up and Kung fu’s

THE END
